

WHAT IS COVERED BY THE NEW 7 YEAR / 200 000KM WARRANTY?

Hyundai is proud to introduce a first in the South African market, a 7 Year or 200 000 Km Drivetrain warranty.

This warranty is applicable to all passenger and light commercial vehicles sold as of 1 February 2016 and is for a period of 7 years or 200 000 km whichever expires first, from the date of the first registration. The warranty is outlined in the "what is covered by warranty" section of your service booklet. The warranty parameter on certain wear and tear items may vary from the 7 year 200 000 km warranty period and is also outlined in this section of your service booklet.

The Hyundai Basic 5 year / 150 000km and the prolonged 2 year / 50 000km Drivetrain Warranty extension, collectively adds up to the 7 year / 200 000km warranty. The warranty is only in effect, provided the vehicle is serviced and maintained at an Authorised Hyundai Service Centre.

ITEMS COVERED BY THE 7 YEAR / 200 000KM DRIVETRAIN WARRANTY INCLUDE:

1. Engine

All internal engine parts i.e. engine block, cylinder head (s), gaskets, oils seals, water pump, turbo charger, intake and exhaust manifolds, flywheel, timing chain, timing gears and engine mountings.

2. Transmission and Gearbox

All internal transmission and gearbox parts, gears, housings, gaskets, oil seals, bearings, shafts, counter shafts, selector forks and shafts.

3. Drive lines and Final drives

All drive lines and final drives internal gears, shafts and bearings, axle shafts, constant velocity joints, universal joints, drive and prop shafts.

4. Drive couplings

Torque Converters and Steering

Torque Converters, Transmission & Transaxle parts, Front Axle Shaft, Transfer case, Constant Velocity (CV) Joint, Front Differential, Universal Joint, Prop Shaft, Rear Axle Shaft and Rear Differential.

Suspension

Front and rear suspension hub bearings

Clutch and Pressure Plates

The clutch Plate / disc is only covered for a period of 1 year or 20 000 km, whichever expires first.

The Pressure plate is covered by the Drivetrain Warranty against manufacturer failures for 7 Year or 200 000 Km.

ITEMS COVERED BY THE BASIC 5 YEAR / 150 000KM WARRANTY INCLUDE:

1. Engine

All internal parts, engine block, cylinder head(s), gaskets, oils seals, water pump, intake and exhaust manifolds, fuel pumps, flywheel and ring gear are covered for the basic warranty period.

2. Transmission and Gearbox

All internal parts, gears, housings, gaskets, oil seals, bearings, shafts, counter shafts, selector forks and shafts are covered for the basic warranty period.

3. Drive lines and Final drives

All internal gears, shafts and bearings, axle shafts, constant velocity joints, universal joints, drive and prop shafts are covered for the basic warranty period. The basic warranty period does not cover boots, gators or any protective rubber covers for tears and cuts, these are covered against manufacturer and material periods for a period of 1 year or 20 000km, whichever occurs first.

4. Drive couplings

Clutch and Pressure plates

The entire clutch plate is only covered for a period of 1 year or 20 000km, whichever occurs first.

Torque Converters

Torque converters are covered for the basic warranty period. Hyundai Automotive South Africa.

Steering

Manual linkages, joints, rack and pinion, power steering pump, power steering rack and pinion are covered for the basic warranty period. The basic warranty period does not cover boots, gators or any protective rubber covers for tears and cuts, these are covered against manufacturer and material failures for a period of 1 year or 20 000km, whichever occurs first.

Front and Rear suspensions

Upper and lower control arms, control arm shafts and bushings, upper and lower ball joints, kingpins and bushings, spindles and stabiliser bars and bushes, shocks and struts are covered for the basic warranty period for any mechanical failures.

Brakes

All major components excluding pads and linings are covered for any mechanical failures for the basic warranty period.

Exhaust

The complete exhaust system is covered for the basic warranty period.

Electrical

Alternator, regulator, starter motor, solenoid and windscreen wiper motor (front and rear) are covered against mechanical failures for the basic warranty period.

Air conditioning systems

Air conditioning systems supplied by HMC Korea are covered for the basic warranty period. Locally supplied and fitted air conditioning systems are covered by the local supplier for the basic warranty period. Gas leakage is covered by the relevant supplier for a period of 1 year or 20 000km, whichever occurs first. After above period refrigerant charge is only covered as part of the warranty covered repair to the air conditioning system. The servicing of the air conditioning system is not covered by the basic warranty.

Radio and Antenna (Factory Fitted)

The radio is covered for a period of 3 years or 60 000km, whichever occurs first. Electrical antennas are covered for mechanical and electrical failures for the basic warranty period. Hyundai Automotive South Africa does not provide any warranty coverage on speakers fitted as a standard or otherwise to any Hyundai vehicle. Medium commercial radios are covered for a period of 1 year or 20 000km, whichever occurs first.

Radio and Antenna (Dealer Fitted)

The radio is covered for a period of 3 years or 60 000km, whichever occurs first. Warranty is covered by the relevant supplier. Electrical antennas are covered for mechanical and electrical failures for the basic warranty period. Hyundai Automotive South Africa does not provide any warranty coverage on speakers fitted as a standard or otherwise to any Hyundai vehicles.

Batteries

Passenger and Light Commercial – these are covered for a period of 2 years or 40 000 km, whichever occurs first.
